**Product Name**    **object-door Typ "X"**

**neuformtür**  
is driving the world of doors

### Product Rating

- The product fulfills the requirements of action level 1 to 4 and contributes to achieve 10 (of max. 10) criterion points within Criterion 06 'Risks for the regional environment'.
- The product fulfills the requirements of action level 1 to 3 and contributes to achieve 10 (of max. 10) criterion points within Criterion 08 'Other impacts on the global environment'.

### Criterion 06 Risks for the Local Environment - Ecological Quality

**Action Level 1**    1 Point 

**Action Level 2**    5 Points 

**Action Level 3**    7.5 Points 

**Action Level 4**    10 Points 

### Criterion 08 Sustainable Resources - Ecological Quality\*

**Action Level 1**    1 Points 

**Action Level 2**    5 Points 

**Action Level 3**    10 Points 

\* This criterion is only applicable to wooden materials.

### Product Characteristics

Object SSK door 1 40mm solid core door. The Type X is the solution for apartment entrance doors and doors for the school and kindergarten, hotel rooms, hospitals, etc. The solid chipboard door leaf can either be done with glass cut or fill. With its 5-fold structure with a central layer of chipboard, it offers a sound insulation test value (Rw) of 27 dB and thus corresponds to the sound class I according to VDI. From the use class "S" wlv.auch "E" meets the X-type, the mechanical requirements for heavy and extreme stress, defined according to the grade. With a door thickness of about 41 mm is recommended neuformtür a max. "RBM" up to a height of about 2255 mm and a width of up to approximately 1260 mm. Larger sizes are possible depending on the requirements of the door leaf perfectly. If necessary, these can be requested.

Urea-formaldehyde free products and FSC certified products must be requested separately.

### About DGNB Products - [www.dgnb.de](http://www.dgnb.de)

This declaration helps to assess products easily according the certification system DGNB® Neubauversion Büro- und Verwaltungsgebäude (NBV09). Products are not reviewed or certified by DGNB. DGNB credit requirements cover the performance of materials in aggregate, not the performance of individual products or brands. Therefore the project team or the manufacturer is responsible to declare the compliance with the project requirements to achieve DGNB points.

Below you find an explanation of the symbols. Detailed information are on the next pages.

-  **Credit requirements fulfilled - the action level is achieved**
-  **Credit is not applicable to this product**
-  **X% of the product comply with the credit requirement**
-  **Required data not specified - for required data contact manufacturer**
-  **Credit requirements are not fulfilled**
