

# greenbuildingproducts.eu

The 1st database for products assessed in terms of  
LEED® & DGNB® criteria

## The free of charge database for:

- Builders
- Planners and planning offices
- Construction Companies
- Accredited DGNB® Auditors
- LEED® Accredited Professionals

## ■ **A totally new opportunity to find products assessed in terms of LEED® and DGNB® criteria**

In your responsibility as a builder, planner, executing company, LEED® AP or DGNB® Auditor you are confronted with the demand to include credit compliant products in your planning.

In that process the search for capable products as well as the furnishing of proofs and documentation towards the certification authority is very time consuming.

With the online product database...

**[www.greenbuildingproducts.eu](http://www.greenbuildingproducts.eu)**

...we created and provide a free of charge solution which is enabling you to find products assessed in terms of LEED and DGNB criteria fast and easily.

## ■ **Our service – your benefit.**

- ▶▶ Time saving in the investigation as well as the furnishing of proofs and documentation.
- ▶▶ Predictable planning reliability within Green Building projects.
- ▶▶ Free of charge usage of the online product database.

In cooperation with the construction material producers we generate and collect all relevant information and evaluations that are required in your projects.

Our qualified evaluations cover a spectrum of paints, adhesives, undercoats, coatings, floor coverings, floor coatings, wood-based materials, bitumen products, oils, waxes and a variety of other products. We enlarge the content of the product database continuously and we would like to pursue your suggestions for evaluating further products that are not listed so far. We do this promptly, fast and reliably.

## ■ **Our free of charge solution offers to you:**

- ▶▶ the online product database exclusively for assessed products in terms of LEED® and DGNB® credits,
- ▶▶ the specific product related assessment declaration with all necessary evaluation results concerning the certification criteria,
- ▶▶ furnishing of all required proofs and documentation.

## ■ **Own experiences are the base for the created solutions.**

Do benefit from our huge experience in medium- and major scale projects as an accredited DGNB® Auditor, LEED® AP und BREEAM® Assessor.

## ■ **Just have a look – the usage of the database is and will be free of charge for you.**

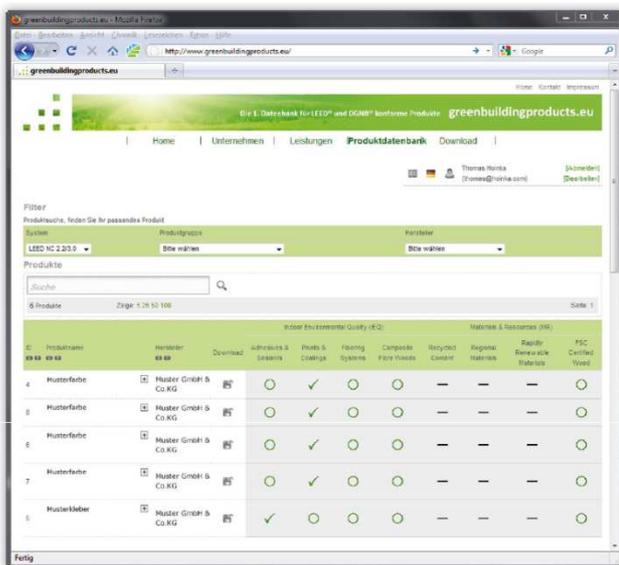

Do you have any further questions about how you can benefit of the advantages of our database? Please do not hesitate to contact us. ▶▶▶

At the moment in Europe more than 500 LEED® Accredited Professionals, 250 DGNB® Auditors and a much higher number of builders, architects, planners and construction companies are working on more than 1000 registered medium and major scale projects.
